

CURRICULUM VITAE

PERSONAL

Name	Forough Rafii
Gender	Female
Date of birth (optional)	1955
Place of birth (optional)	Neishaboor
Family status (optional)	
Address, work	School of Nursing & Midwifery Rashid Yasemi Ave. Valiasr St.Tehran- Iran
Phone, work	+98 021 88201880
Fax	+98 021 88201448
E-mail address, official	rafiee.f@iums.ac.ir
E-mail address, personal	foroughrafii@yahoo.com
h. index	9

EDUCATION AND QUALIFICATIONS

University and/ or further education	
	2004 PhD in Nursing, Iran University of Medical Sciences. IRAN 1994 MSc in Medical Surgical Nursing, Iran University of Medical Sciences. IRAN 1976 BSc in Nursing Iran University of Medical Sciences. IRAN
Language qualifications	
	Persian Fluent/mother tongue English Good

RESEARH LINE

	<p>QUALITATIVE APPROACHES</p> <ul style="list-style-type: none"> • Social research in health sector (management, education, service) using Grounded Theory method. • Social research in women's health. <p>QUANTITATIVE APPROACHES</p> <ul style="list-style-type: none"> • Organizational factors related to quality nursing and health care (such as Burnout, Job Satisfaction, Patient Satisfaction...). • Social support & quality of life in health and illness. <p>Research Core: Immobility</p>
--	---

PROFESSIONAL MEMBERSHIPS

	<p>Member of phenomenology association, Iran Member of Editorial Advisory Board of International Journal for Human Caring (IJHC), USA Member of Editorial Advisory Board of Journal of Advance Nursing UK Member of Editorial Advisory Board of Iran Journal of Nursing, Iran Member of Editorial Advisory Board of Journal of Urmia Nursing and Midwifery Faculty, Iran</p>
--	--

	<p>Member of Editorial Advisory Board of Mashad Journal of Evidence Based Care, Iran</p> <p>Chief Editor of Iran Journal of Nursing, Iran</p> <p>Full-time member of Center for Nursing Care Research, IUMS, Iran</p> <p>Member of the Excellence Committee, Faculty of Nursing & Midwifery, IUMS, Iran</p> <p>Co-founder of Center for Nursing Care Research- TUMS</p>	
--	---	--

ACADEMIC APPOINTMENTS

	<p>Teaching/Practice experiences:</p> <p>Teaching different courses (Theory/practice) for BSc nursing students including Medical- surgical nursing, Fundamentals of nursing, Drugs & solutions, Pediatric nursing, Obstetrics & gynecology, Public health Nursing, First aids</p> <p>Philosophy of nursing and theory development, PhD</p> <p>Research Methodology- Qualitative, PhD</p> <p>Research Methodology- Quantitative, MSc</p> <p>Application of theories in clinical setting, MSc</p> <p>Physical assessment, BSN, MSc</p> <p>Health assessment to residents of pharmacotherapy</p>	
--	---	--

Other pedagogical merits

--	--	--

RESEARCH EXPERIENCE

Dissertation/thesis

	<p>Supervised theses:</p> <ol style="list-style-type: none"> 1. Intensive care nurses' experiences of caring for dying patients in Kurdistan/ Iraque 2. The process of nurses' job satisfaction: model proposing 3. Comparing the effects of Swedish massage and preferred music therapy on anxiety and fatigue of patients with chronic heart failure 4. Relationship between quality of work life and nurses' caring behaviors in cancer wards of hospitals affiliated to TUMS, 2013, MSc thesis 5. The effect of pelvic floor muscle exercise training on urinary incontinence and quality of life in patients with multiple sclerosis, MSc thesis 6. A comparative study of 	
--	---	--

	<p>organizational climate and nurses' intention to leave in (performing/other) hospitals of excellence model affiliated to TUMS, 1392.</p> <p>7. Assessment of the relationship between job stress, quality of sleep and fatigue among nurses in selected hospitals of Tehran, 1392.</p> <p>8. A survey of the relationship between academic procrastination, academic achievement and self-efficacy in nursing students of TUMS, 2012</p> <p>9. Instrument development to assess the compliance of patients with chronic disease</p> <p>10. The life of mothers of children with Leukemia, PhD dissertation.</p> <p>11. Survey of relationship between work social support and burnout in nurses working in selected educational –health centers of Tehran University of Medical Sciences-2010, MSc thesis</p> <p>12. Specification of the needs of parents with infants admitted to neonatal intensive care unit.</p> <p>13. A comparative study of multimodal approach education with lecture method on knowledge, attitude, and performance of nurses about hand hygiene.</p> <p>14. The effect of mouth wash with chlorhexidine on mechanical ventilation related pneumonia of patients hospitalized in ICU, MSc thesis</p> <p>15. Relationship between health related quality of life and respiratory symptoms in patients with COPD, MSc thesis</p> <p>16. A comparative study of the effect traditional and electronic teaching on learning and satisfaction of nursing students, MSc thesis</p> <p>17. The process of acquiring teaching capability: proposing the model, PhD dissertation</p> <p>18. Relationship between burnout and job satisfaction in nurses working in Arak city hospitals, MSc thesis</p> <p>19. Self-efficacy and quality of life in ostomates, MSc thesis</p>	
--	---	--

	<p>20. Relationships among ethical stress, work environment ethical climate, and job satisfaction in nurses, MSc thesis</p> <p>21. The process of health promotion in women headed household: proposing a conceptual model, PhD dissertation</p> <p>22. The process of transition from nursing student to clinical nurse, PhD dissertation</p> <p>23. The experiences of the mothers of children with Autism, MSc thesis</p> <p>24. An investigation of computerized nursing data management systems, MSc thesis</p> <p>25. The process of time management in nursing students, PhD dissertation</p> <p>26. The effect of jaw relaxation on change dressing pain in burn patients, MSc thesis</p> <p>27. The process of aging and coping with it in women elderly, PhD dissertation</p> <p>28. The process of patient participation in nursing care in patients with chronic illnesses, PhD dissertation</p> <p>29. Relationship between perceived social support and quality of life in hemodialysis patients, MSc thesis</p> <p>30. Relationship between nurse caring behaviors and patient satisfaction, MSc thesis</p> <p>31. Relationship between social support and quality of life in patients with cancer, MSc thesis</p> <p>32. Relationship between self-care behaviors and self-care needs in patients with CHF, MSc thesis</p>
